

Date: November 29 2018

Dear Arts Council Australia:

The Evaluation Committee of Chiado Books Editorial considers 531 Beauties of World book a literary artwork with equilibrium of science and art, that will fill of curiosity the Australian public, the book format is beautiful and the redaction is interesting. The book author Patricia Rincon touch the theme of climate change problem in a impressive way to reflection about our planet and universe that surround us.

Chiado Books Editorial and me, Maria Isabel G Medina Executive Editor we are considered the book has a benefit value to the environmental literary art field and lectors of books to make a better world.
